- A. A conditional rezoning request must be voluntarily offered by an owner of land within the Township. All offers must be made in writing and must provide the specific conditions to be considered by the Township as a part of the rezoning request. All offers shall be in the form of a written agreement approvable by the Township and property owner, incorporating the conditional rezoning site plan and setting forth any conditions and terms mutually agreed upon by the parties relative to the land for which the conditional rezoning is sought.
- B. Conditional rezoning shall not allow a use or activity that would not otherwise be allowed in the proposed zoning district.
- C. Conditional rezoning shall not alter any of the various zoning requirements for the use(s) in question, i.e. parking, landscaping, lot area, lot width, building height, setbacks, lot area coverage, etc. Conditional rezonings shall not grant zoning variances of any kind. Any zoning variance must follow the provisions of Article 12 of this Ordinance.
- D. Conditional rezoning shall not grant special land use approval. The process for review and approval of special land uses must follow the provisions of Section 3.5 of this Ordinance.
- E. All conditions offered by a land owner in relation to a rezoning request must have a direct relationship to the rezoning itself. The provisions to allow conditional rezoning shall not be construed to allow rezoning by exaction.

In addition to the informational requirements provided for in Section 3.11(a) (2) of this Ordinance the applicant must provide a conditional rezoning site plan prepared by a licensed professional allowed to prepare such plans under this Ordinance, that may show the location, size, height or other measures for and/or of buildings, structures, improvements and features on, and in some cases adjacent to, the property that is the subject of the conditional rezoning of land. The details to be offered for inclusion in the conditional rezoning site plan shall be determined by the applicant, subject to approval of the Township. A conditional rezoning site plan shall not replace the requirement under this Ordinance for site plan review and approval, or subdivision or site condominium approval, as the case may be.

(3) Time Limits and Reversion of Land to Previous District.

- A. If the proposed conditions of rezoning are acceptable to the Township, the Township may establish a time period during which the conditions apply to the property and must be met. If the conditions are not satisfied within the time specified under this section, the property shall revert to its former zoning classification unless an extension is granted as noted below. Reversion of a property back to its former classification must follow the rezoning amendment provisions as provided in Section 3.11(b) of the

Zoning Ordinance.

- B. Unless a reversion of the zoning takes place as described in the section above, the approved conditional rezoning shall be binding upon the subject property owner, their heirs, successors, assignees, and transferees.
 - C. Upon approval of a conditional zoning, a copy of the written agreement between the property owner and Township shall be filed with the Sanilac County Register of Deeds, which shall act to provide notice to all subsequent owners of the property of the conditions approved and agreed to by the Township.
 - D. The Township may not add to or alter any conditions approved as a part of a rezoning during the time period specified above.
 - E. The time limits specified and approved by the Township may be extended upon the application of the landowner and approval of the Township.
- (4) Review Procedures. The factors found in Section 3.11(c) of this Ordinance must be considered in any conditional rezoning request.
- (f) Amendments Required to Conform to Court Decree. Any amendment for the purpose of conforming to a decree of a court of competent jurisdiction shall be adopted by the Township Board and published, without necessity of a public hearing.
