high amperage requests. Noelke referred to the article in the Sanilac County News about the Marlette Township ordinance on high amperage request, and caregiver cultivation of marijuana for medical purposes. There was a lengthy discussion about each of these topics. Members also looked at an article from Michigan Township Association, and the Home Occupation-Marijuana ordinance from the Village of Port Sanilac. Chairman Goike asked everyone to review these documents again before next month's meeting. Noelke will get clarification from the Township Board and attorney on several issues.

Violations and Penalties Section 3.10 Discussion about changing the misdemeanor penalty in the first sentence to a civil infraction, and eliminating the penalty of jail time mentioned in this section as well. One concern was to make sure that violators would still pay for any court costs involved. Dear will write a draft of the first sentence with these changes in mind for consideration at the next meeting.
