Ordinance 2024-02 Short Term Rental Licensing Ordinance

An ordinance amending the Code of Ordinances of Sanilac Township, Sanilac County, Michigan by adding thereto a new Ordinance entitled “Short Term Rental Licensing Ordinance” and to prescribe penalties for violations thereof.

SANILAC TOWNSHIP ORDAINS THAT:

SECTION 1. Amendment to the Code of Ordinances.

The Sanilac Township Board hereby amends the Code of Ordinances by adding thereto a new Ordinance “Short Term Rental Licensing” to read as follows:

ORDINANCE 2024-02: SHORT TERM RENTAL LICENSING

Section 01 Purpose

Section 02 Definitions

Section 03 Licenses

Section 04 Licensing Process

Section 05 Regulations

Section 06 License Suspension or Revocation

Section 07 Violations

Section 01 Purpose.

The Township Board declares that the rental of dwelling units in Sanilac Township provides value to the local economy. The Township Board also recognizes the importance of available housing units for full-time residents. The Township Board has enacted this ordinance to strike a regulatory balance between interests of community residents, business owners, visitors, and property owners.

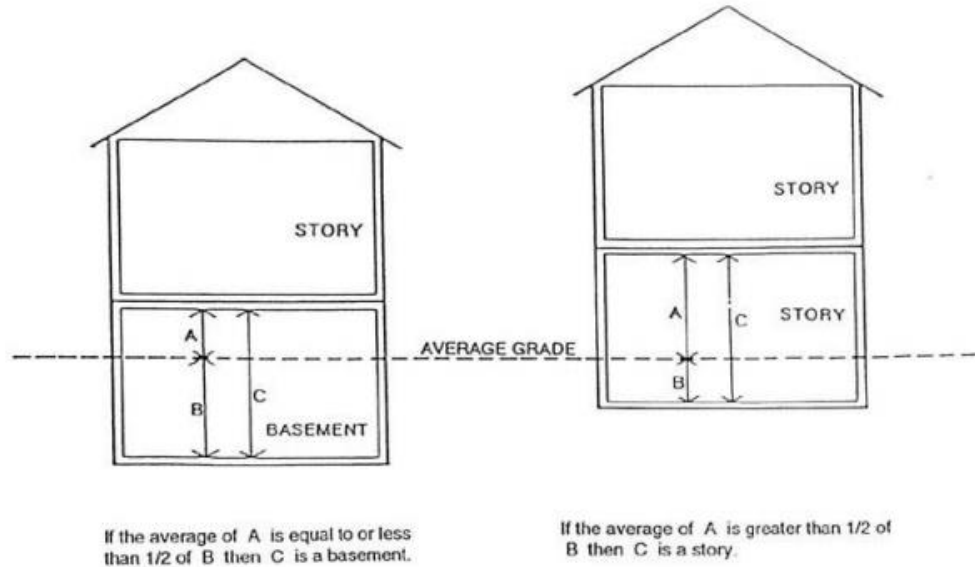

The renting of a home on a short term basis is substantially more like a business than traditional residential use. The Township has provided regulatory language to help minimize impacts regarding noise, protection of residential tranquility and harmony, occupancy loads, related transient activities when within a residential neighborhood, and protection of public safety and welfare.

Section 03 Licenses

- 1. **Number of Licenses.**
 - a. Consistent with the purpose and objectives of this ordinance as set forth herein, the Township Board hereby establishes a maximum limit on the total number of short term rental licenses of 160.
 - b. Short term rental licenses shall be processed and approved on a first come, first serve basis, based on the date and time the application for a short term rental license is submitted to the STR Admin and associated application fee is paid. An incomplete application for a short term rental license shall not lose its priority for approval unless the applicant fails to correct any deficiencies within fourteen (14) calendar days after being notified of such deficiencies by the STR Admin.
 - c. Licensees who have a valid license and are in good standing with the Township shall have first priority in receiving a renewal license.
 - d. Once the total number of short term rental licenses issued pursuant to this ordinance reaches the maximum limit established by the Township Board, the STR Admin shall not accept or approve any additional applications for short term rental licenses until an existing license expires or is revoked, or voided, thus creating an available license.
 - e. The Township Board shall develop a policy which is made available to the public for providing notice of available short term rental licenses and for receiving and approving applications for the same once the number of active short term rental licenses falls below the maximum limit established by the Township Board.
 - f. Consistent with the purpose and objectives of this ordinance as set forth herein, the Township Board may review and, by resolution, amend the maximum limit on short-term rental licenses and may adjust the limit as it determines to be advisable. Such revisions shall not be the basis for termination or non-renewal of a license previously issued.

- 2. **General License Validity.**
 - a. All short term rentals shall be licensed with the Township as stipulated in this ordinance. If multiple short term rentals are located on one property, each short term rental shall require a separate license. Short term rentals in operation prior to the adoption of this ordinance shall register for a short term rental license through the STR Admin within six (6) months of the effective

date of this ordinance and shall be subject to compliance with all requirements of this ordinance.

- b. A short term rental license may not be transferred from one dwelling unit to another dwelling unit.
- c. A new license application will be required if the property is sold or conveyed to a new owner. If the new owner applies for a license within 30 days of the sale or transfer of ownership, and all other requirements are met, the license may be transferred to the new owner.
- d. The Township Board shall set short term rental registration fees and annual license renewal fees by resolution, which may vary depending on the type of property, dwelling, or other distinction the Township Board may deem advisable.

Section 04 Licensing Process

- 1. **Application.** The STR Admin shall develop the application form(s) to properly carry out this ordinance. Short term rental applicants must complete and submit an application form (for each license they are requesting), provide any required supplemental information, and pay the associated fee (for each license they are requesting) to be considered a valid application for processing by the Township.
 - a. At a minimum, the license application form shall require the submittal of the following information:
 - i. Name, address and telephone number of the property owner and/or local agent for the short term rental unit.
 - ii. The street address of the short term rental, along with other identification if more than one dwelling unit has the same street address.
 - iii. The number of bedrooms in each short term rental and in the dwelling as a whole, including floor plans of the entire building. Sketch drawings legible by the STR Admin may be accepted.
 - iv. Proof of the applicant's insurance with a minimum general liability coverage of \$1,000,000.
 - v. A statement certifying that the property owner or a local agent will provide at least one (1) copy of the Good Neighbor Guidelines as approved by the Township to the renters each time the dwelling unit is rented.
 - vi. A plot plan showing the location of the short term rental unit, parking, fire pit and any other structures on the property.
 - vii. Sewage Disposal. All Sanilac County Environmental Health Department regulations must be complied with. Prior to beginning operation, the proprietor must provide proof from the Environmental Health Department that on-site disposal facilities are adequate, in consideration of the proposed maximum occupancy for the short term rental unit. Proof may include a current copy of a current permit on file with the Environmental Health Department, provided that the

permit was issued in consideration of the maximum occupancy proposed for the short term rental.

2. **Review Inspection.** Prior to the issuance of a license, the Building Official or designee shall conduct an inspection of the proposed short term rental to determine compliance with the standards herein and all applicable zoning, building, health and safety codes. A license shall not be issued without a satisfactory determination by the Building Official. Based on the findings of the inspection, the Building Official may also require follow-up inspections to ensure compliance with applicable zoning, building, health and safety codes.
3. **Approval and Issuance.** After inspection by the Building Official, and upon determination that a short term rental applicant has met all requirements of applicable ordinances and regulations, a license shall be issued by the STR Admin.
4. **License Period and Renewal.** Licenses are approved for a one-year period. The license period shall begin March 31 and shall end at midnight on March 30 of the following year. No license will be issued until the required registration fee is paid. All active licenses shall expire at midnight on March 30 unless a complete license renewal application and renewal fee is received by the STR Admin.
 - a. The STR Admin shall review renewal applications. A renewal shall be granted upon determination that the following standards are met:
 - i. Completion of the renewal application and payment of the associated renewal fee.
 - ii. Continued compliance with the provisions of this ordinance.
 - iii. A review inspection by the Building Official shall be required every three years, unless an earlier inspection is required by the Building Official, in accordance with subsection 3, above.

Section XX.05 Regulations.

5. **Sleeping Accommodations.** No accessory building or structure shall be used for the purposes of sleeping accommodations, unless such structure is in compliance with applicable building codes and is connected to a sanitary sewer system

permitted by the Sanilac County Environmental Health Department. In no circumstance shall any car, recreational vehicle, boat, motor home, trailer, tent or similar temporary or portable structure or vehicle be used for the purposes of sleeping accommodations.

6. **Maximum Occupancy.** The following occupancy requirements shall apply:
 - a. The overnight occupancy of a short term rental shall not exceed two (2) occupants per bedroom plus two (2) additional occupants which meets the applicable egress requirements for occupancy in the Michigan Construction Code, subject to any other local, state, or federal requirements. (Example 3 bedrooms equals 6 people plus 2 would be 8 people).
 - b. In addition to the maximum occupancy specified in subsection (a) above, a short term rental may have a total number of people on site, including occupants and non overnight occupants (allowed to be present at most from sunrise to sunset), up to 1.5 times the maximum number of occupants allowed by subsection (a) above.
